

October 22, 2013

Mr. Sam Kennard
Kennard Industries, Inc.
623 Hanley Industrial Court
St. Louis, MO 63144

We have reviewed the raw materials utilized in the following formulation supplied to Kennard Industries versus the current REACH list of “Substances of Very High Concern” (SVHC). Based on the information supplied to MarChem Corporation by its raw materials suppliers and the current list of SVHC’s, the status of “articles” produced from this formulation is as follows:

Mistaflex® V5037-80 (No SVHC’s)

Sincerely,

Jon Purcell
Product Development Chemist
